SECTION 1: PRODUCT IDENTIFICATION N-Desmethyl Sildenafil-D8 Product Name: Catalog No.: ESS0308 For laboratory research purposes Product Use: SECTION 2: HAZARDS IDENTIFICATION CLASS D2B: Toxic material causing other toxic effects. Moderate skin/eye/respiratory tract irritant. WHMIS Classification: Acute toxicity, oral (Category 4) **GHS Classification:** Skin irritation (Category 2) Serious eye irritation (Category 2) Specific target organ toxicity, single exposure; Respiratory tract irritation (Category 3) GHS Label elements: Pictogram: Warning Signal word: H302: Harmful if swallowed. Hazard statement: H315: Causes skin irritation. H319: Causes serious eve irritation. H335: May cause respiratory irritation. P201: Obtain special instructions before use. Precautionary statement: P202: Do not handle until all safety precautions have been read and understood. P280: Wear protective gloves/protective clothing/eye protection/ face protection. P301+312: IF SWALLOWED: Call a POISON CENTER or doctor/ physician if you feel unwell. **Response statements:** P302+352: IF ON SKIN: Wash with plenty of soap and water. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. P308+P313: IF exposed or concerned: Get medical advice/ attention. **HMIS Classification** 1 Health Hazard: Not available **Chronic Health Hazard:** 0 Flammability: 0 **Physical Hazards:** Potential Health Effects May be harmful in case of inhalation. May cause respiratory tract irritation Inhalation: May be harmful if absorbed through skin. Causes skin irritation. Skin: Causes eye irritation. Eyes: Harmful if swallowed. Ingestion: No data available. Other hazards: SECTION 3: COMPOSITION / INFORMATION ON INGREDIENTS 5-[2-Ethoxy-5-(1-piperazinylsulfonyl)phenyl]-1,6-dihydro-1-methyl-3-propyl-7H-pyrazolo[4,3-d]pyrimidin-7-one-d8; Desmethylsildenafil-d8; UK Synonyms: 103320-d8 C21H20D8N6O4S Formula: Molecular Weight: 468.60 CAS No .: 1185168-06-2 SECTION 4: FIRST AID MEASURES General Advice: Consult a physician. Show this SDS. Move out of dangerous area. If Inhaled: Allow the victim to rest in a well-ventilated area. Seek immediate medical attention. In case of skin contact: After contact with skin, wash immediately with plenty of water. Gently and thoroughly wash the contaminated skin with running water and non-abrasive soap. Be particularly careful to clean folds, crevices, creases and groin. Cold water may be used. Cover the irritated skin with an emollient. If irritation persists, seek medical attention. Wash contaminated clothing before reusing, Check for and remove any contact lenses. Immediately flush eyes with running water for at least 15 minutes, keeping eyelids open. Cold In case of eye contact:

If swallowed: water may be used. Do not use an eye ointment. Seek medical attention. Do not induce vomiting. Rinse mouth with water. Examine the lips and mouth to ascertain whether the tissues are damaged, a possible indication that the toxic material was ingested; the absence of such signs, however, is not conclusive. Loosen tight clothing such as a collar, tie, belt or waistband. If the victim is not breathing, perform mouth-to-mouth resuscitation. Seek immediate medical attention.

SECTION 5: FIRE FIGHTING MEA	ASURES		
Conditions of flammability:	Not fla	ammable or combustible.	
Suitable extinguishing media:	SMAL	L FIRE: Use DRY chemical powder. LARGE FIRE: Use water spray, fog or foam. Do not use water jet.	
Special protective equipment f	or firefighters: Wear	a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent) and full	
	protec	ctive gear. During a fire, toxic gases may be generated by thermal decomposition or combustion.	
Hazardous combustion produc	ts: Hazar	rdous decomposition products formed under fire conditions: carbon oxides (CO, CO ₂), nitrogen oxides,	
•		our oxides.	
Explosion data:	No da	ta available.	
SECTION 6: ACCIDENTAL RELE	ASE MEASURES		
Personal precautions:		Use proper personal protective equipment as indicated in section 8.	
Environmental precautions:		Clean up spills immediately, observing precautions in the Protective Equipment section. Do not let	
·		product enter drains.	
Methods and materials for containment and cleaning up:		ip: Sweep up, and then place into a suitable container for disposal.	
ECTION 7: HANDLING AND ST			
Precautions for safe handling:		Keep away from sources of ignition. Avoid formation of dust and aerosols. Provide appropriate exhaust	
	ventilation where dust	is formed. Ground all equipment containing material. Do not ingest. Do not breathe dust. Wear suitable	
	protective clothing. In	case of insufficient ventilation, wear suitable respiratory equipment. If ingested, seek medical advice	
	immediately and show	v the container or the label. Avoid contact with skin and eyes.	
Conditions for safe storage:		closed in a dry and well ventilated place. Ground all equipment containing material. Recommended long	
	term storage temperat		
	torm otorago tomporat		
ECTION 8: EXPOSURE CONTR			
Engineering Controls:	Use process enclos	sures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended	
	exposure limits.		
Personal protective equipment			
Respiratory protection:		HA or European Standard EN 149 approved full-facepiece airline respirator in the positive pressure mode	
	with emergency esc		
Hand protection:		Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer	
		in contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws	
		y practices. Wash and dry hands.	
Eye protection:		s with side-shields conforming to EN166 Use equipment for eye protection tested and approved under	
Lye protection.		ment standards such as NIOSH (US) or EN166 (EU).	
Skin and body protostion:			
Skin and body protection:		Wear appropriate gloves and clothing to prevent skin exposure. Handle in accordance with good industrial hygiene and safety practice. Wash hands before break and after the end of work day.	
Hygiene measures:		te with your industrial hygiene and salety practice, wash hands before break and alter the end of work day.	
SECTION 9: PHYSICAL & CHEMI	CAL PROPERTIES		
Appearance:	White s	solid.	
Odour:	No data	a available.	
Odour threshold:	No data available.		

No data available.
No data available.
DMSO, Methanol (slightly)
No data available.
Stable under recommended storage conditions.
Not available.
No data available.
Strong oxidizing agents.
Hazardous decomposition products formed under fire conditions: carbon oxides (CO, CO ₂), nitrogen oxides, sulphour
oxides.

Expert Synthesis Solutions 700 Collip Circle London, ON N6G4X8 647-407-9078 | <u>info@esschemco.com</u> www.esschemco.com

SECTION 11: TOXICOLOGICAL INFORMATION Acute Toxicity: No data available. Potential health effects: Inhalation: May be harmful in case of inhalation. May cause respiratory tract irritation Skin: May be harmful if absorbed through skin. Causes skin irritation. Eyes: Causes eye irritation. Ingestion: Harmful if swallowed. Signs and symptoms of exposure: To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

SECTION 12: ECOLOGICAL INFORMATION

Ecotoxicity:	No data available.	
Persistence and degradability:	No data available.	
Bioaccumulative potential:	No data available.	
Mobility in soil:	No data available.	
Other adverse effects:	An environmental hazard cannot be excluded in the event of unprofessional handling or disposal.	

SECTION 13: DISPOSAL CONSIDERATION

Product:	Dispose in a manner consistent with federal, state, and local regulations.
Contaminated packaging:	Dispose of as unused product.

SECTION 14: TRANSPORT INFORMATION

TDG (Canada):	Not dangerous goods.
DOT (US):	Not dangerous goods.
IMDG:	Not dangerous goods.
IATA:	Not dangerous goods.
UN number:	Not available.
UN proper shipping name:	N-Desmethyl Sildenafil-D8, organic compound, solid.
Transport hazard class:	Not dangerous goods.
Packing group:	Not available.
Special precautions:	Ship at room temperature.

SECTION 15: REGULATORY INFORMATION

General:	WHMIS CLASS D2B: Toxic material causing other toxic effects. Moderate skin/eye/respiratory tract irritant.
DSL/NDSL (Canada):	This product is not listed on the Canadian DSL/NDSL.
TSCA (US):	This product is not listed on the US EPA TSCA.
ECHA (EU):	A component of this product is listed on the EU ECHA.
ι,	

SECTION 16: OTHER INFORMATION

Further Information

The above information is believed to be correct but does not purport to be all-inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regards to appropriate safety precautions. It does not represent any guarantee of the properties of the product. Expert Synthesis Solutions shall not be held liable for any damage resulting from handling or from contact with the above product.
