SECTION 1: PRODUCT IDENTIFICATION

Product Name:Normethsuximide-D5Catalog No.:ESS0402Product Use:For laboratory research purposes

SECTION 2: HAZARDS IDENTIFICATION WHMIS Classification: Not WHMIS controlled.

WHMIS Classification: GHS Classification:

GHS Label elements: Pictogram: <u>(!)</u>

Acute toxicity, oral (Category 4)

Signal word: Hazard statement: Precautionary statement:	Warning H302: Harmful if swallowed. P201: Obtain special instructions before use. P202: Do not handle until all safety precautions have been read and understood.
Response statements:	P280: Wear protective gloves/protective clothing/eye protection/ face protection. P301+312: IF SWALLOWED: Call a POISON CENTER or doctor/ physician if you feel unwell. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. P308+P313: IF exposed or concerned: Get medical advice/ attention.
HMIS Classification Health Hazard: Chronic Health Hazard: Flammability: Physical Hazards: <u>Potential Health Effects</u> Inhalation: Skin: Eyes: Ingestion: <u>Other hazards:</u>	0 Not available 0 0 May be harmful in case of inhalation. May cause respiratory tract irritation May be harmful if absorbed through skin. May cause skin irritation. May cause eye irritation. May be harmful if swallowed. No data available.

SECTION 3: COMPOSITION / INFORMATION ON INGREDIENTS

Formula: C11HeD5NO2	
Molecular Weight: 194.24	
CAS No.: 1185130-51-1	

SECTION 4: FIRST AID MEASURES

General Advice:	Consult a physician. Show this SDS. Move out of dangerous area.
If Inhaled:	Allow the victim to rest in a well-ventilated area. Seek immediate medical attention.
In case of skin contact:	After contact with skin, wash immediately with plenty of water. Gently and thoroughly wash the contaminated skin with running water and non-abrasive soap. Be particularly careful to clean folds, crevices, creases and groin. Cold water may be used. Cover the irritated skin with an emollient. If irritation persists, seek medical attention. Wash contaminated clothing before reusing.
In case of eye contact:	Check for and remove any contact lenses. Immediately flush eyes with running water for at least 15 minutes, keeping eyelids open. Cold water may be used. Do not use an eye ointment. Seek medical attention.
If swallowed:	Do not induce vomiting. Rinse mouth with water. Examine the lips and mouth to ascertain whether the tissues are damaged, a possible indication that the toxic material was ingested; the absence of such signs, however, is not conclusive. Loosen tight clothing such as a collar, tie, belt or waistband. If the victim is not breathing, perform mouth-to-mouth resuscitation. Seek immediate medical attention.

ECTION 5: FIRE FIGHTING MEASURES		
Conditions of flammability:	Not flammable or combustible.	
Suitable extinguishing media:	SMALL FIRE: Use DRY chemical powder. LARGE FIRE: Use water spray, fog or foam. Do not use water jet.	
Special protective equipment for firefighters:	Wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent) and full	
	protective gear. During a fire, toxic gases may be generated by thermal decomposition or combustion.	
Hazardous combustion products:	Hazardous decomposition products formed under fire conditions: carbon oxides (CO, CO ₂), nitrogen oxides.	
Explosion data:	No data available.	

Expert Synthesis Solutions 700 Collip Circle London, ON N6G4X8 647-407-9078 | <u>info@esschemco.com</u> www.esschemco.com

Personal precautions:		Use proper personal protective equipment as indicated in section 8.
Environmental precautions:		Clean up spills immediately, observing precautions in the Protective Equipment section. Do not let
		product enter drains.
Methods and materials for containment and cleaning up:		Sweep up, and then place into a suitable container for disposal.
SECTION 7: HANDLING AND STOR		
		o away from sources of ignition. Avoid formation of dust and aerosols. Provide appropriate exhaust
		med. Ground all equipment containing material. Do not ingest. Do not breathe dust. Wear suitable
		of insufficient ventilation, wear suitable respiratory equipment. If ingested, seek medical advice
	immediately and show the c	container or the label. Avoid contact with skin and eyes.
		ed in a dry and well ventilated place. Ground all equipment containing material. Recommended long
1	term storage temperature -2	20°C.
SECTION 8: EXPOSURE CONTROL	/ PERSONAL PROTECTIC	DN
Engineering Controls:	Use process enclosures,	local exhaust ventilation, or other engineering controls to keep airborne levels below recommended
	exposure limits.	
Personal protective equipment		
Respiratory protection: Wear a NIOSH/MSHA or European Standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline respirator in the positive standard EN 149 approved full-facepiece airline standa		
	with emergency escape p	
Hand protection:		es must be inspected prior to use. Use proper glove removal technique (without touching glove's outer
		ntact with this product. Dispose of contaminated gloves after use in accordance with applicable laws
		tices. Wash and dry hands.
Eye protection:		side-shields conforming to EN166 Use equipment for eye protection tested and approved under
		standards such as NIOSH (US) or EN166 (EU).
Skin and body protection:	Wear appropriate gloves and clothing to prevent skin exposure.	
Hygiene measures:	Handle in accordance wit	th good industrial hygiene and safety practice. Wash hands before break and after the end of work day
SECTION 9: PHYSICAL & CHEMICA	L PROPERTIES	
Appearance:	Off-white sol	lid.
Odour:	No data avai	ilable.
Odour threshold:	No data avai	ilable.
pH:	No data avai	ilable.
Melting point/Freezing point:	No data avai	ilable.
Initial boiling point/boiling range:	No data avai	ilable.
Flash point:	No data avai	ilable.
	No data avai	ilable.
Evaporation rate:	No data avai	ilable.
Evaporation rate: Flammability (solid; gas):	No data avai No data avai	
Evaporation rate: Flammability (solid; gas): Lower flammable/explosive limit:		ilable.
Evaporation rate: Flammability (solid; gas): Lower flammable/explosive limit: Upper flammable/explosive limit:	No data avai	ilable. ilable.
Evaporation rate: Flammability (solid; gas): Lower flammable/explosive limit: Upper flammable/explosive limit: Vapour pressure:	No data avai No data avai	ilable. ilable. ilable.
Evaporation rate: Flammability (solid; gas): Lower flammable/explosive limit: Upper flammable/explosive limit: Vapour pressure: Vapour density:	No data avai No data avai No data avai	ilable. ilable. ilable. ilable.
Evaporation rate: Flammability (solid; gas): Lower flammable/explosive limit: Upper flammable/explosive limit: Vapour pressure: Vapour density: Solubility:	No data avai No data avai No data avai No data avai DCM, Metha	ilable. ilable. ilable. ilable. anol, Water
Evaporation rate: Flammability (solid; gas): Lower flammable/explosive limit: Upper flammable/explosive limit: Vapour pressure: Vapour density: Solubility: Partition coefficient – n-octanol/w	No data avai No data avai No data avai No data avai DCM, Metha	ilable. ilable. ilable. ilable. inol, Water ilable.
Evaporation rate: Flammability (solid; gas): Lower flammable/explosive limit: Upper flammable/explosive limit: Vapour pressure: Vapour density: Solubility:	No data avai No data avai No data avai No data avai DCM, Metha ater: No data avai	ilable. ilable. ilable. ilable. ilable. ilable.

SECTION 10: STABILITY & REACTIVITY

Chemical stability:	Stable under recommended storage conditions.
Conditions to avoid:	Not available.
Possibility of hazardous reactions:	No data available.
Incompatibilities:	Strong oxidizing agents.
Hazardous decompositions products:	Hazardous decomposition products formed under fire conditions: carbon oxides (CO, CO ₂), nitrogen oxides.

SECTION 11: TOXICOLOGICAL INFORMATION

SECTION 11: TOXICOLOGICAL INFORMATION	
Acute Toxicity:	No data available.
Potential health effects:	
Inhalation:	May be harmful in case of inhalation. May cause respiratory tract irritation
Skin:	May be harmful if absorbed through skin. May cause skin irritation.
Eyes:	May cause eye irritation.
Ingestion:	May be harmful if swallowed.
-	To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

Expert Synthesis Solutions 700 Collip Circle London, ON N6G4X8 647-407-9078 | <u>info@esschemco.com</u> www.esschemco.com

Signs and symptoms of exposure:

SECTION 12: ECOLOGICAL INFORMATION

Ecotoxicity:	No data available.
Persistence and degradability:	No data available.
Bioaccumulative potential:	No data available.
Mobility in soil:	No data available.
Other adverse effects:	An environmental hazard cannot be excluded in the event of unprofessional handling or disposal.

SECTION 13: DISPOSAL CONSIDERATION

Product:	Dispose in a manner consistent with federal, state, and local regulations.	
Contaminated packaging:	Dispose of as unused product.	

SECTION 14: TRANSPORT INFORMATION

TDG (Canada):	Not dangerous goods.
DOT (US):	Not dangerous goods.
IMDG:	Not dangerous goods.
IATA:	Not dangerous goods.
UN number:	Not available.
UN proper shipping name:	Normethsuximide-D5, organic compound, solid.
Transport hazard class:	Not dangerous goods.
Packing group:	Not available.
Special precautions:	Ship at room temperature.

SECTION 15: REGULATORY INFORMATION

General:	Not WHMIS controlled
DSL/NDSL (Canada):	This product is not listed on the Canadian DSL/NDSL.
TSCA (US):	This product is not listed on the US EPA TSCA.
ECHA (EU):	This product is not listed on the EU ECHA.

SECTION 16: OTHER INFORMATION

Further Information

The above information is believed to be correct but does not purport to be all-inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regards to appropriate safety precautions. It does not represent any guarantee of the properties of the product. Expert Synthesis Solutions shall not be held liable for any damage resulting from handling or from contact with the above product.
