SECTION 1: PRODUCT IDENTIFICATION

Product Name: Catalog No.: 9α-Bromodesonide-21-Acetate ESS0498 Product Use: For laboratory research purposes

SECTION 2: HAZARDS IDENTIFICATION

SECTION 2: HAZARDS ID		
WHMIS Classification:	CLASS D1B: To	oxic material causing immediate and serious toxic effects. Toxic by ingestion.
GHS Classification:	Acute toxicity, o	oral (Category 1)
GHS Label elements		
Pictogram:		
	\sim	
Signal word:	Danger	
Hazard statement:	H300: Fatal if s	wallowed.
	H315: Causes s	skin irritation.
	H319: Causes s	serious eye irritation.
	H335: May caus	se respiratory irritation.
Procentionany statema	P261: Avoid bre	eathing dust/fume/gas/mist/vapours/spray.
Precautionary stateme	P264: Wash ski	in thoroughly after handling.
		at, drink or smoke when using this product.
		outdoors or in a well-ventilated area.
	P280: Wear pro	otective gloves/eye protection/face protection.
D		330: IF SWALLOWED: Immediately call POISON CENTER/doctor. Rinse mouth.
Response statements:		ON SKIN: Wash with plenty of water.
		312: IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER/doctor if
	vou feel unwell.	
		338: IF IN YEYS: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.
	Continue rinsing	
	Continuo mioni	j.
Potential Health Effects	Harmful in case	e of inhalation. Causes respiratory tract irritation.
Inhalation:		l if absorbed through skin. Cause skin irritation.
Skin:	Causes eye irrit	5
Eyes:	Harmful if swall	
Ingestion:	No data availab	
Ingestion: Other hazards:	No data availab	Ne.
	No data availab	Ne.

Personal precautions:	Use proper personal protective equipment as indicated in section 8.
Environmental precautions:	Clean up spills immediately, observing precautions in the Protective Equipment section. Do not let
-	product enter drains.
Methods and materials for contai	nment and cleaning up: Sweep up, and then place into a suitable container for disposal.
ECTION 7: HANDLING AND STOR	
Precautions for safe handling:	Keep away from heat. Keep away from sources of ignition. Avoid formation of dust and aerosols. Provide appropriate exhaust
	ventilation where dust is formed. Ground all equipment containing material. Do not ingest. Do not breathe dust. Wear suitable
	protective clothing. In case of insufficient ventilation, wear suitable respiratory equipment. If ingested, seek medical advice
	immediately and show the container or the label. Avoid contact with skin and eyes.
Conditions for safe storage:	Keep container tightly closed in a dry and well ventilated place. Ground all equipment containing material. Recommended long
	term storage temperature -20°C.
ECTION 8: EXPOSURE CONTROL	PERSONAL PROTECTION
Engineering Controls:	Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended
	exposure limits.
Personal protective equipment	
Respiratory protection:	Wear a NIOSH/MSHA or European Standard EN 149 approved full-facepiece airline respirator in the positive pressure mode
	with emergency escape provisions.
Hand protection:	Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer
•	surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws
	and good laboratory practices. Wash and dry hands.
Eye protection:	Wear safety glasses with side-shields conforming to EN166 Use equipment for eye protection tested and approved under
	appropriate government standards such as NIOSH (US) or EN166 (EU).
Skin and body protection:	Wear appropriate gloves and clothing to prevent skin exposure.
Hygiene measures:	Handle in accordance with good industrial hygiene and safety practice. Wash hands before break and after the end of work day
SECTION 9: PHYSICAL & CHEMIC	AL PROPERTIES
Appearance:	White solid.
Odour:	No data available.
Odour threshold:	No data available.
pH:	No data available.
Melting point/Freezing point:	No data available.
Initial boiling point/boiling range:	
Flash point:	No data available.

initial boining point/boining lange.	
Flash point:	No data available.
Evaporation rate:	No data available.
Flammability (solid; gas):	No data available.
Lower flammable/explosive limit:	No data available.
Upper flammable/explosive limit:	No data available.
Vapour pressure:	No data available.
Vapour density:	No data available.
Solubility:	DMSO, Ethyl Acetate, THF
Partition coefficient – n-octanol/water:	No data available.
Autoignition temperature:	No data available.
Decomposition temperature:	No data available.
Viscosity:	No data available.

SECTION 10: STABILITY & REACTIVITY

Chemical stability:	Stable under recommended storage conditions.
Conditions to avoid:	Not available.
Possibility of hazardous reactions:	No data available.
Incompatibilities:	Strong oxidizing agents.
Hazardous decompositions products:	Hazardous decomposition products formed under fire conditions: carbon oxides (CO, CO ₂), toxic bromides.

SECTION 11: TOXICOLOGICAL INFORMATION

Acute Toxicity:	No data available.
Potential health effects:	
Inhalation:	Harmful in case of inhalation. Causes respiratory tract irritation.
Skin:	May be harmful if absorbed through skin. Cause skin irritation.
Eyes:	Causes eye irritation.
Ingestion:	Harmful if swallowed.
Signs and symptoms of exposure:	To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

Expert Synthesis Solutions 700 Collip Circle London, ON N6G4X8 647-407-9078 | info@esschemco.com www.esschemco.com

SECTION 12: ECOLOGICAL INFORMATION

Ecotoxicity:	No data available.
Persistence and degradability:	No data available.
Bioaccumulative potential:	No data available.
Mobility in soil:	No data available.
Other adverse effects:	An environmental hazard cannot be excluded in the event of unprofessional handling or disposal.

SECTION 13: DISPOSAL CONSIDERATION

 Product:
 Dispose in a manner consistent with federal, state, and local regulations.

 Contaminated packaging:
 Dispose of as unused product.

SECTION 14: TRANSPORT INFORMATION

DOT (US):	UN2811
TDG (Canada):	UN2811
IMDG:	UN2811
IATA:	UN2811
UN number:	UN2811
UN proper shipping name:	9a-Bromodesonide-21-Acetate, organic compound, toxic solid.
Transport hazard class:	6.1
Packing group:	
Special precautions:	Ship at room temperature.

SECTION 15: REGULATORY INFORMATION

General:	CLASS D1B: Toxic material causing immediate and serious toxic effects. Toxic by ingestion.
DSL/NDSL (Canada):	This product is not listed on the Canadian DSL/NDSL.
TSCA (US):	This product is not listed on the US EPA TSCA.
ECHA (EU):	This product is not listed on the EU ECHA.

SECTION 16: OTHER INFORMATION

Further Information

The above information is believed to be correct but does not purport to be all-inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regards to appropriate safety precautions. It does not represent any guarantee of the properties of the product. Expert Synthesis Solutions shall not be held liable for any damage resulting from handling or from contact with the above product.
